

next DEFEATcancer hike is planned for Saturday, June 19 at 9:00 am. We will hike the Lakeshore Trail at Paulina Lake. The total distance is about 7 to 8 miles. These photos should help.

Highway 97 - Mile 20.5, south from Bend's Wall-Mart
The left turn is not particularly well marked.
Turn left just before the big "snowbird" RV park.

Mile 33.4

Turn left just beyond the Visitor Center sign.
You will be turning into a combination day use / campground / boat ramp area.

Mile 33.5

Trailhead Parking – Look closely. There is a yellow flag above my car’s left rear door.
If you come late for a shorter hike (and wish to have lunch with us) look for this car in
this spot with this yellow flag.

If this is what you see, then DEFEAT people are still on the trail.
Begin hiking “clockwise” around the lake in back of the Paulina Lake Lodge. You will
meet us.

The trail is truly along the shore.

Lunch stop – 2009

The views near the end of the hike make the mosquitoes at the beginning “almost” worth it.

The restaurant at Paulina Lake Resort. The hike finishes here.

The "store" at Paulina Lake Resort where you can purchase insect repellent in case you forgot yours.
"If they don't have it – You don't need it."

YES !!! A Northwest Forest Pass is required for parking at the Paulina Lakeshore Trailhead.

Mike
